

STAY SAFE

Protect yourself and your family against exploitation and human trafficking

Be careful on **social media** & with **people who promise services** (housing, food, transport, work). Use official channels first.

If you need help, call the provider Ac-Sé on +33 4 92 15 10 51, available from Monday to Friday, 9am to 6pm (French & English). **In case of immediate risk**, call 112 or 17 (French).

Share your **personal information** and **documents** only with authorities and accredited organizations.

If you are **under 18** and alone, approach the police, or call them on #17, or contact Childhood in Danger on #119 (interpreting).

You can find additional information on the **official websites** help.unhcr.org and parrainage.refugies.info/Ukraine.
